Directions

*The show is in a turnout 10 minutes north of La Canada along the Angeles Crest Highway (Highway 2). This is NOT the tunnel, it's wayyy closer to civilization than the tunnel, but it's on the same road. It's hard to miss.

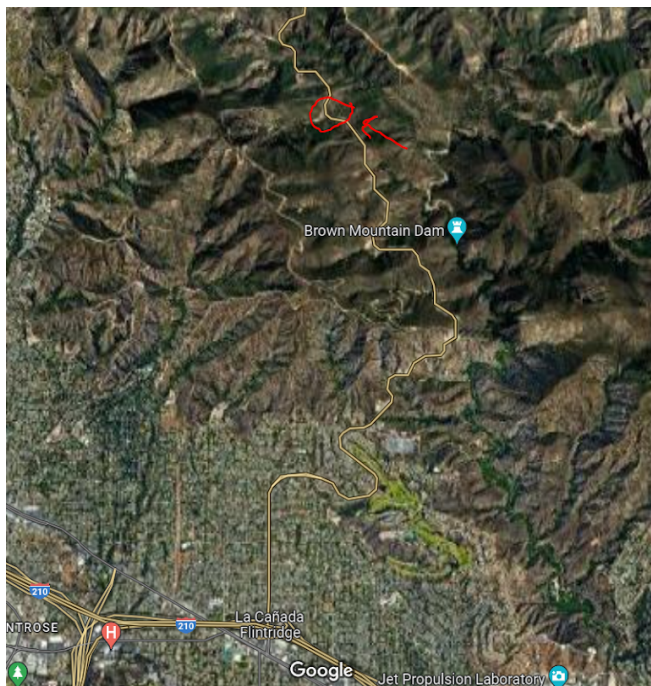

*Set your GPS to this pin <https://goo.gl/maps/LcueGMAYs8catymCA> or these coordinates:
34.248311, -118.194774

*Alternatively, follow the Angeles Crest Highway (Highway 2) up the mountain until you reach the turnout.

*The turnout is 10 minutes from the base of the mountain. If you are driving up, the dugout is on the left side. There will be cars and a light indicating the show.

*The last place to stop before is the Target [Target](#) (965 Town Center Dr) in La Canada.

*Park facing the wall to maximize parking spaces.
