LOCATION —

The Mueller Tunnel was excavated in the early 1900s as part of the Alpine Railway project and was set to connect Mt. Lowe with Mt. Wilson by rail. Named after the artist August Mueller, the

oldest known record of the tunnel dates back to an etching made by the artist in 1887. The tunnel was “finished” in 1942, 4 years after the demise of the Alpine Railway and is currently maintained by the USFS (United States Forestry Service).

Wood engraving by August Mueller, 1887

The Eaton Saddle / Mueller Tunnel is adjacent to the Gabrielino National Recreation Trail, historically named for the Native populations who were relocated to the San Gabriel Mission. The five tribes of the San Gabriel Mountains: Tongva, Tataviam, Chumash, Kitanemuk, and Serrano used this area as a resting spot on the trek from the desert to the sea or vice versa through which trade was accomplished. Pre-contact local tribes came here to gather the bounty of the mountains (acorn, game, pine nuts, etc.) and renew community ties.*

TECH CONSIDERATIONS —

If you're performing with outboard gear, we prefer you send us L + R ¼ inch inputs — that is to say, please minimize your input list as we're working with a flimsy 8-channel mixer.

Tynacity has graciously offered to bring a Denon DJ Prime 4 standalone DJ system for us to use. She's indicated, however, that her ⅜ inch headphone jack is on the fritz so please bring an ¼ inch adaptor for your headphones.

For more info on the Prime 4 and any compatibility concerns, please see here — <https://inmusicbrands.force.com/denondj/s/article/Denon-DJ-PRIME-4-Frequently-Asked-Questions>

Be prepared for a line-check only situation, there will be no time for fulsome sound-checks.

Table space will be limited so bring an extra folding table if you need to spread out gear.

NOTES FOR ATTENDEES —

Safety is our TOP priority!

Be super careful on the trails, particularly at the back opening of the tunnel — there is a dangerous cliff situation.

Bring water, snacks, camping chairs, sweaters / jackets, headlamps, anything you may need for a comfortable evening.

Please be mindful with cigarette butts, pack out all trash / dispose with us in our bags.

Dancing in the tunnel can kick up dust so bring a mask or face covering, as needed.

Bring CASH for vendors!

THIS DOCUMENT IS A WORK-IN-PROGRESS

Thanks for y'all's patience, participation and hard work! More soon.

Sincerely,
